

(From Wednesday's Daily.)

Joe. Kessinger leaves to-night for Chicago, where he will put in a week gazing at the gazelles.

Another special train of cattle will leave tonight for Kansas City. John Baker sends out seven loads and Willis Simmons thirteen.

Things are lively at the Uphaw Furniture and Carpet Company establishment. Two carloads of furniture have just been received to supply the demand.

The Union Investment Company applied for an injunction this morning in district court to keep the Santa Fe from laying its track through Richmond Park, but it was refused.

Bill Appleman is swelling around today with a plug hat. He says he intends to run on the people's ticket this fall for dog pelt, and desires to impress all beforehand with the dignity of the office.

Police Court.

The tie taster who succeeded in filling up his tank yesterday to the "Queen's taste," reported to the P. J. this morning, and was given the usual dose, \$5.00 and costs.

One More Ahead of Salina.

Will Uphaw is not attending as closely to his business duties today as he generally is. The cause of his laxity is the fact that he is busily entertaining a new arrival at his house. The young man arrived yesterday. Score another citizen for the census taker. We are smoking cigars on the thirteen poulder.

Mule Thief Captured.

One of the men who stole a span of mules from a railroad by the name of Williams, who was working on the grade near this city some time ago, has been captured in Iowa. Deputy-sheriff Thompson has gone to Clay county, where Mr. Williams is now working, for the purpose of having a warrant sworn out for the thief.

Fruits and Vegetables.

The following are current prices on fruits and vegetables, as quoted by Keller & Tisdale: Cherries, 15c. per quart; black raspberries, 25c. per quart; oranges, 30 to 50c. per dozen; cauliflower, 15c. each; egg plants, 10c.; tomatoes, 10c. per pound; beans, 25c. per peck; peas, 35c. per peck; lettuce, 5c. per pound; cucumber, 75c. per dozen; beets, 5c. per bunch; new potatoes, \$1.00 per bushel; new turnips, 50c. per bushel; cabbage, 3c. per pound; and Bermuda onions, \$2.00 per bushel.

Anything but a Benefit.

This morning, while F. L. Hirsch and little boy were driving down from Solomon to this city, the horse became frightened near the carriage works, at an umbrella which Mr. Hirsch raised. The animal ran into Mr. Holland's yard, coming into collision with the house, breaking the window light, and throwing Mr. Hirsch and his son to the ground. Mr. Hirsch was slightly injured in one arm, while his boy was more seriously hurt, he having fallen on his face. The buggy was a total wreck.

Over the Continent on a Wheel.

The Reverend Sylvanus Stall, of Lancaster, Pa., a gentleman well known in the East as the organizer of the clerical tours through Canada, arrived in the city this afternoon at three o'clock on a bicycle. He left Russell this morning, making the fifty miles all by wheel. Rev. Stall left Lancaster on the first of June, traveling partly by rail, and partly by wheel to Denver, from which place he is now on his return trip. He will continue east by way of Kansas City and Chicago. The trip was made on account of poor health, and to judge from his present appearance, he has undoubtedly gained all he lost.

The Postoffice Question.

The following petition is being circulated today by a number of the business men:

"ABILENE, KAS., June 22, '87. To the Postmaster-General, Hon. Wm. F. Vilas: We, the undersigned business men and patrons of the Abilene post office, respectfully request you to remove the post office from its present location, to an L-shaped room in a brick building, with one entrance on Third St., and one entrance on Cedar St., both entrances to be opened to the public, on account of this location being more central, and thereby accommodating a larger portion of the patrons of the office."

The location spoken of in the petition is the double room in the Bonebrake block on Cedar St., running around Worley's harness shop.

(From Thursday's Daily.)

Add still another "pap"—J. B. Parks—girl—last evening.

District court adjourned this afternoon, for the fall term.

J. B. Preston, west side, is the latest candidate for fatherly honors. His male offspring arrived on Tuesday last, the longest day of the year.

The Rock Island surveying corps, with Chief Engineer Preston at the head, are again quartered with Col. Gore. They are finishing up between here and Salina.

Bro. Sampson, of the Salina Journal, and Davis, of the Herald, are scrapping through the columns of their respective journals. Never knew before they had so much energy.

Gus Hansbrough has discovered a rich bed of ochre in Rocky Ford, Col., so says the Enterprise of that place. It adds, "Mr. Hansbrough intends stocking his mine with the proper machinery,

just as soon as arrangements can be made. He will put in machinery at the start with a capacity of fifty barrels per day and increase it as the demand increases."

Special Train Secured.

Station Agent Hendricks has secured a special train for the fire boys. There will be four cars from Salina, two from Solomon and four from Abilene. The train will leave Abilene about 7 o'clock in the morning of the Fourth, returning from Junction at 11 p. m.

En Route for Home.

Rev. Sylvanus Stall, the gentleman who is doing the country on his wheel, left this forenoon for Kansas City. He was this morning driven out to the Henry tract by Judge Royer, who sold him a number of East Abilene Town Company lots. This makes the fourth Lutheran divine who has purchased Abilene property.

The County Fair and Race Meeting.

How is Abilene going to be fixed for fairs after this, now her grounds are gone? Can anyone tell? Have we got to go to Hope to "see the elephant"?—ABILENE REFLECTOR.

1st.—Yah!—2d.—Now! You can hold it in the suburbs. Solomon will find suitable grounds, with plenty of shade, if it suits the wishes of the people of the county.—Solomon scuttled.

We'll hold it right in the city, Bro. Burnett. Come down and see the location in Abilene South Park.

Increased Telephone Facilities.

The general manager of the Kansas and Missouri Telephone Exchange will arrive in town in a few days, and institute a number of desirable improvements, among which will be connections with Clay Center, Junction City, Solomon City and Salina. This will be an immense help to the citizens and will do away with much time, trouble and expense to those who are often called to these towns on business.

That Injunction.

The Union Investment Company was more fortunate today before Judge Nicholson. After changing their form of petition, asking for a temporary injunction restraining the Santa Fe R. R. from grading through Richmond Park, the prayer of the petition was granted. What the future developments will be must soon be solved, for the Santa Fe must have their track constructed in the city limits one week from today, or forfeit their bonds.

The Junction Excursion.

Robbery.

Yesterday morning a tramp called at the boarding house of Mrs. W. R. Vaughn, on Seventh street, and asked for work, saying he would take remuneration for the same in food. As Mrs. Vaughn had no work for him, he disappeared. In the afternoon she had occasion to use some money, and looked for her pocketbook, which she kept under a pillow in her bed room, but that had also disappeared. That the tramp and pocket book left the house in company is the natural conclusion to be arrived at. The pocket book contained \$70.00 in money, and a number of papers. The tramp wore a brown suit, also a smooth face. The protectors of the lives and property of our citizens are on the lookout for him, but he is probably many miles away by this time.

What Will They Get Next.

Finley & Brewer, our enterprising Broadway merchants, opened up this morning the best baking powder scheme ever brought to this city. The powder is of the old reliable Jersey brand, warranted to be absolutely pure and unadulterated, and as a premium they are giving away with each 15 cent can a beautiful piece of crystal glassware, worth at least, we should say, from 25 cents to \$1.00. This is undoubtedly a rare opportunity for parties desiring baking powder to secure a splendid bargain. Call early. d&w-t

Great Events Forecast Their Shadows.

This is an old but true maxim. How many do suffer from indigestion, nervousness and mental prostration, without being able to account for the same, or getting any relief. While not confined to the sick bed they find themselves a burden to themselves and their associates. Not being cognizant of any consequence, it is, in fact, the most deplorable condition mankind may be subject to. All parties so afflicted should bear in mind, any irregularity in the human system has its cause and needs the proper remedy, for which Phosphate Lemon Rye is unsurpassed, as it will replace the waste of your system, perfecting digestion and regulates the urinary organs. Ask your druggist for it.

AN EPIDEMIC.

A Violent Form of Cholera Morbus at Belknap, Iowa. Prostrates the Whole Community.

A PLAIN STATEMENT OF THE FACTS BY A LEADING MERCHANT OF THE TOWN.

Last summer we had an epidemic in this community in the form of cholera morbus. Nearly every man, woman and child was prostrated by it, and it seemed to be a very violent form. We tried every medicine we had or could find without relief. I then went to Ottumwa and Blake, Bruce & Co., wholesale druggists, advised me to take home Chamberlain's Colic, Cholera and Diarrhoea Remedy. I done so and distributed it, and it gave relief immediately, it worked like magic. I ordered more of the remedy at once, and sold it during the day at my store, and at night at my home. I sold as much during the night as I did during the day. The people here can not say enough in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy. J. H. Hellwig, Merchant, Belknap, Iowa. Sold by Barnes & Northcraft.

The course of study has been revised. You can get a copy at Sewell's or Toms & Rockefeller's book store, or at my office. Price 10 cents.

All friends of education are invited to visit the institute, and school officers are urged to come and see the work of the teachers with a view of getting the best for their schools.

I shall take pleasure in assisting the teachers to get boarding places. I will be in the school building in the forenoons during the institute and in my office in the afternoons.
